ABOUT US

graphiCisland

Graphic Island is a house of the credible brand of aesthetic craft products made of eco-friendly natural materials & handmade since 2019. Our products are all types of Home deco, Fashion, and decorative items etc. are made by women artisans. At least 1500 Plus underprivileged peoples more than 2500 families are leading their life by working with this organization.

Mission: Through a professional and personal service to our clients, we will ensure they have an experience that they will remember for a life time. We will develop our knowledge of key skills, crafts and technologies that enable to produce notable historical replica full functional artifacts. Traditional manufacturing crafts will be protected by nurturing and developing the supply ecosystem of the fundamental components to support these. We will use our knowledge to empower individuals to enjoy and develop their association to these crafts and skills, and will help them create treasured memories of their connection to us.

Vision: Our aim is to improve the so-cio economic condition of marginalized and rural women by bringing them in trade particularly in Handicraft sector. To be the leading Ambassadors for Traditional skills and crafts, and the link they represent to our personal ancestry and heritage. We will keep endangered traditional craft and skills alive whilst passing this knowledge onto individuals of all generations to ensure its place in our future. We will become the “one stop shop” for English Longbow manufacture and use, and be a valuable global resource. Whether our customers are interested in traditional crafts, their history or practical use of skills, we will provide engaging, fun and educational experiences and learning opportunities.

WAY OF WORKING

graphiCisland

Shipping & Logistic : Our internal shipping and logistics team enables us to streamline and effectively handle the delivery and logistical requirements of our clients' orders.

Design & Development : Our proficient team is equipped to turn your fashion trends into commercially viable products. From design to production, having a proficient team ensures that your fashion trends not only meet the aesthetic standards but also fulfill the practical requirements of the market. If there's anything specific, you'd like advice or assistance with regarding your fashion endeavors, feel free to ask!

Merchandising: Our skilled merchandising team adeptly oversees the entire order process, guiding our supply chain to deliver products punctually and meeting the required standards. With our extensive production experience, we meticulously monitor critical paths, swiftly identifying and resolving only challenges that may arise.

Compliance & Safety : We specialized in organizing social and environmental compliance programs, taking responsibility for the continuous development and coordination of a comprehensive social compliance program. We monitor the program and ensure adherence to the company's code of conduct and local regulatory requirements. Our communication extends to government bodies, non-governmental organizations, and other external parties. We conduct factory compliance audits, investigate work incidents, and offer innovative recommendations for sustainable solutions.

Assurance & Testing : Our highly skilled quality control team ensures rigorous quality assurance throughout the production process starting from cutting and progressing through stitching to final packing. The Technical team remains vigilant, monitoring fits, workmanship, and specifications to guarantee the production of only the highest quality goods. Adhering to strict QC checking Standard Procedures Operating (SOP) and supplementing our factories' QC procedures, we prioritize quality control as our foremost concern.
