Vintage Art Printing is a private printing project established in Bangladesh since January 2006. Vintage Art Printing is an export oriented garments/textile screen-printing project.

In Bangladesh, there is a limited scope to maintain quality & commitment in printing industry, but Vintage Art Printing believes good management, well stuffing, good quality & commitments which will provide a good printing industry. Vintage Art Printing is now ready to start its professional printing activities in garments sector of the country & abroad.

Vintage Art APPAREL Printing

Vintage Art Printing attempts to participate in the development of small, medium & large garments sector of the country & abroad through providing its package of quality & commitment. Vintage Art Printing believes in rendering quality & cost effective services at a competitive price under complex and changing business environment.

Vintage Art Printing extends quality printing (Garments/Textile) services on commercial basis to achieve the following objectives:

- To participate in the development of garments sectors this has been assumed to be the programmatic and essential avenue for employment opportunities.
- To help promote export market potentials for the local indigenous products through Maintaining quality services.
- To participate actively in the business process, re-engineering and to contribute to Further development of garments sector through value addition.
